RED RIBBON WEEK...New Brockton Elementary School students joined others across the nation last week in celebrating Red Ribbon Week. Several events were held throughout the week including Friday's "Walk Out on Drugs" in which students met in the front lawn to display drug-free cheers. Afterwards, the students were joined by teachers and local dignitaries in making a lap around the front drive of the school. Above, SGA officers begin the "walkout" lap. They are holding a pledge sheet signed by students indicating desire for a drug-free life. The officers are followed by digitaries included the school's principal, town council representatives and local law enforcement officers.

Attention Alabamians with Medicare:

If you or someone you love currently has Medicare coverage, please take a moment to read the information below.

With the new Medicare Drug Plans beginning January 1, 2006, you are going to read and hear a lot about the different drug plans that will be offered over the coming months. We would like to take this opportunity to let you know that Blue Cross and Blue Shield of Alabama will not be offering a separate Medicare Drug Plan.

If you currently have CPlus with PMD, you can keep it. If you want to buy Medicare Drug coverage, you can choose from any one of the sixteen different companies offering plans in Alabama. You can enroll from November 15, 2005 through May 15, 2006. You will need to decide which plan best fits your needs. More detailed information about Medicare plans that offer prescription drug coverage is available through the "Medicare & You 2006" handbook from Medicare or from the following:

- Visit www.medicare.gov for personalized help
- Call your State Health Insurance Assistance Program (see your copy of the Medicare & You handbook for their telephone number) • Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you are interested in C Plus with PMD and would like to enroll, please call 1-800-315-7900. Carefully review and compare the different Medicare Drug Plans before you decide which plan is best for you.

CELEBRATING RETIRED TEACHERS' DAY...Elba Mayor James Grimes made it official Monday afternoon of this week when he signed a resolution proclaiming Tuesday, Nov. 15, at Retired Teachers' Day. Mayor Grimes and the Elba City Council encourage all residents to join them in paying tribute to all retired educators on that day. In signing the resolution, Grimes said retired educators throughout Alabama are deserving of the highest praise and recognition the state can bestow for devotion to their profession. Retired Teachers' Day is celebrated in conjunction with American Education Week (Nov. 13-19, 2005). The day was established demonstrating honor and appreciation to retired educators who continue to contribute to the community with their services. Joining Mayor Grimes for the signing of the resolution were (from left) Judy Killingsworth, president, and Sylvia Padgett, treasurer, of the Coffee County Retired Educators' Association.

# With Ferrin Cox

Friday is Veterans Day in America. Over the years it becomes "just another holiday" yet exactly the opposite should be true. Americans owe their very cherished and envied freedoms to the millions of men and women who have answered the call to defend this great country. That is true even today as our finest are fighting and giving their lives or being crippled for life to preserve the freedoms enjoyed in the greatest country ever known. They need and deserve our heartfelt thanks and our prayers. If you are embarrassed at openly expressing this support, lock the bathroom door, hide in the closet, etc., but do take a few moments on this day for some extra special prayers of thankfulness.

A recent poll by The Mobile Register and Univ of South Alabama indicates sharply divided opinions on former Governor Don Siegelman's run for another term in the governor's office. This tracks opinions we have formed from our very informal talks with voters around the state. One thing we didn't find in the poll was if those wanting Siegelman out are people who voted against him previously. On the flip side it doesn't indicate if those favoring him staying in the governor's race are long time supporters. All this is our basis for telling friends not to count Siegelman out of the Democrat party race for governor. He has a lifetime of successfully wooing Alabama voters and could very well turn this criminal indictment into positive votes. It will swing on a timely trial and of course some sort of "not guilty" decision. Another number from that poll was that only about 20% think Siegelman will be convicted. An additional key to the race will be how strong the "I Love Lucy" theme will hold up as the campaign progresses. There has been some open criticism of Lt Governor Lucy Baxley for taking a middle of the road position that appears to be "Some of my friends are for it and some of my friends are against it and I am with my friends". It has worked for her thus far, but if she is forced to start taking lots of positions on widely varyMonday evening it is always parade, she will continue

EHS BAND BEGINS TO PREPARE FOR DISTRICT (by

Sydney Brunson)...The Elba Band's marching season is coming to

the close and this year's band is wasting no time in preparing for

district contest. District contest is judged on a band's ability to play,

and sight-read music. The band will prepare three songs, and will

be judged on. The band will then be led to a room where they will

be given a piece to play that they haven't seen prior to the contest.

The Brantley Bulldogs will be looking to keep their state chamonship hopes alive and gain a measure of revenge at the same time Friday night when they host the Sweet Water Bulldogs, in second round action in the Class 1A state football playoffs. Brantley will enter the game with a 10-game winning streak and 10-1 record, while Sweet Water will bring a 9-2 record into the

Brantley saw its title hopes dashed a year ago in the third round of the playoffs with a 34-20 loss to Sweet Water, but this season have the defending state champs on its home turf and will be looking for payback. The Bulldogs of Coach David Lowery dropped its season opener in an 18-16 upset to Elba, but since then have reeled off ten straight wins and have been impressive on both offense and defense. The Bulldogs have averaged over 39 points a game during the season, which included games against six teams that made the layoffs, while over on defense the 'Dogs have allowed just over even points a game.

Sweet Water dropped its season opener to Thomasville 20-13 and also fell to region rival American Christian 41-40, but the Bulldogs from Southwest Alabama have been impressive throughout the season and will bring with them an offense that has averaged over 50 points a game. The nine wins for the Bulldogs have come over Akron 84-6, Sunshine 76-6, Linden 55-6, Marengo 47-0, A.L. Johnson 43-0, Carrollton 57-6, John Essex 62-24, Gulf Shores 46and Maplesville 35-27.

Sweet Water has its sights set on its sixth state championship and will be the favorite in this 1A headliner. However, Brantley is also rich in football tradition and should have a solid shot at pulling off the upset.
